

Built with your Cargo Trailer in Mind

PROLinx CARGO PANEL

All panels were developed in conjunction with BlueLinx for the Cargo trailer industry.

All panels carry a one year warranty!

Benefits:

- Plywood panels are sanded on one side for a clean, uniform finish, and thickness
- Engineered stiffness
- One-year limited warranty
- Features moisture resistance for faster drying time
- Plywood offers trusted and proven performance

Bluelinx offers several delivery options from the lowest cost to serve to JIT programs allowing you to free up capital and valuable floor space.

We also offer cut to size services as well as other products for the cargo industry such as lumber, roll rubber flooring products and many others.
