- Optional custom built-to-order shutter program provides tailored sizes to fit your needs

THE COLOR OF BRILLIANCE

Outstanding Service.
Unsurpassed Quality.
Remarkable Selection.
It's time to feel at home *again*.

shutters

Quality Shutters for Any Home

Our high-quality shutters are built to look as good as your home — whether it's brick, stone, vinyl siding, stucco or wood.

Virtually Maintenance-Free

Ply Gem shutters retain their high quality and vibrant color through the life of your home, and are virtually maintenance-free. We achieve this tremendous quality through our use of advanced UV stabilizers and a tough acrylic coating, which minimize the effects of sun, rain and wind.

Industry-Leading Warranty

All of our high-quality shutters are built to last a lifetime. Ply Gem shutters will not split, crack or peel. In fact, we feel so strongly about our quality that we offer a Limited Lifetime Warranty on all of our shutters*.

A Style and Color for You

Our three elegant panel styles create the perfect fit for your home. Ply Gem offers classic styles like the Louvered design, Board & Batten design, as well as the Raised Panel design. Our shutters are available in 19 classic colors, factory finished to ensure quality and consistency. And when styles change they can also be painted with a high-quality latex paint. Ply Gem's durable design allows you to repaint the shutters over again.

Variety of Sizes to Fit your Windows

Ply Gem shutters come in a wide variety of standard heights and widths to fit virtually any window. If one of our many standard sizes will not work, we can custom make virtually any length of shutter in raised panel and louvered styles to meet your needs.

*See warranty for details and limitations.

Your home is your own personal retreat. Wrap it in the beauty and elegance of our shutter collection.

Shutter Styles

Raised Panel Shutters

Raised Panel shutters offer the unique, turn-of-the-century look of the grand homes of the South, but with a contemporary richness and style. Their simple lines create a striking profile to your home that is reminiscent of our early American heritage. Ply Gem's Raised Panel shutters can be purchased in both custom and standard sizes, and come with our Limited Lifetime Warranty. They can be paired with matching transom tops or arch tops for added height and impact.

Louvered Shutters

Nothing gives your home a classic look like Louvered shutters. Steeped in the traditions of American history, our elegant Louvered shutters provide the perfect finishing touch to your home by capturing the rich, natural woodgrain texture of real wood shutters — but without the splitting, cracking and peeling. Ply Gem Louvered shutters can be paired with arched tops to accent circle top windows.

Board & Batten Shutters

Open or closed, 3- or 4-Panel, Board & Batten style shutters add a rustic look to any home and are perfect for a variety of design styles, from Country to Craftsman.

Raised Panel

Beautiful Colors

Ply Gem shutters are available in 19 beautiful colors, specially selected by our national color expert.

Elegant Arched Tops

Our arched tops add height and elegance to the shutter's appearance. Available for our 15" Raised Panel and Louvered standard shutters, these extensions give an added look of richness to your home's exterior.

Open Style

Shutter Accessories

Our decorative hinges and hooks complete the look of traditional working shutters — without the maintenance. Like our shutters, they're fade-resistant and built to last.

Side By Side, Our Shutters Are Superior By Design

Details

Ply Gem's tab-free construction, realistic beaded detail and clean edges mimic the look of real wood shutters. Inferior products often use tabs that when removed leave obviously plastic jagged edges.

Installation

Ply Gem raised panel or louvered shutters offer several installation options: plugs, matching screws or optional hidden fasteners. Both plugs and matching screws are supplied standard with each carton (unlike some of our competitors who provide only plastic plugs). Unique to Ply Gem, our Board & Batten shutters have a hidden installation feature shown above. The batten slides over to hide the screws.

Authentic

Real beauty comes from realistic woodgrain. Ply Gem accurately depicts the grain of real beveled wood panels on every edge and surface. Our competitors' grain runs in multiple directions, and doesn't extend beyond the shutter face.

Substantial

Thicker is better. Ply Gem shutters are up to 21% thicker and have up to 1/8" thicker profile than competitor shutters. Our thicker gauge construction adds strength and rigidity for reliable performance and durability. The thicker profile supports greater profile depth that creates realistic shadow lines. Our reinforced construction resists warping and results in a heavier, sturdier shutter. In fact, Ply Gem shutters weigh up to 25% more than the competitor's.

Durable

Scratch ours and you can hardly tell; scratch theirs and you'll see what they're made of. Our baked-on lacquer finish resists fade and retains beauty season after season. Their color-through coating scratches easily and can fade over time. As well as being scratch-resistant, Ply Gem shutters accept latex paint beautifully, so if you want to update your look, you can. Latex paint can peel off competitor's shutters over time.

mounting blocks

Mounting blocks are used to install electrical outlets, water faucets, light fixtures, mailboxes, house numbers, and even doorbells.

Quality Assurance

Our mounting blocks are built to withstand the toughest weather and retain their color and beauty over the life of your home. They will not chip, crack or split. All of our mounting blocks are backed by our Limited Lifetime Warranty.

Simple to Install

Our mounting blocks have a two-piece design that easily adjusts from 1/2" to 1 1/4". This feature allows for easy installation over a variety of siding choices, including insulated vinyl siding.

A Perfect Color Match

Our mounting blocks are available in over 100 beautiful colors and can be matched to virtually any vinyl siding color.

Faucet Mount
Mounting Block

vents

We design vents for a wide variety of uses, with the classic styling and vast color palette that you've come to expect from Ply Gem. All of our vents are specially engineered to prevent intrusion by birds, insects, and animals, and are made to last for years to come.

The Right Colors for You

Any of our vents are available in over 100 beautiful colors. They can be matched to most colors and virtually any siding option. The paintable version can be painted to match any unique color with a high-quality latex paint.

Utility Vents

Our utility vents are sturdy and provide excellent cross-ventilation of garages, foundations, and range hoods. The Louvered Exhaust Vent is ideal for removing the moist air of dryers and bathrooms. Intake louvers and soffit intakes work in tandem with the vents to maximize the flow of air, allowing your family to breathe easier. With Ply Gem utility vents, your home not only looks beautiful, but feels fresher.

Gable Vents

For the perfect finishing touch to your home, our gable vents are offered in round, half-round, square, octagonal, and rectangular styles to fit the look you want to create — whether it's classic or contemporary. Best of all, our uniquely designed snap-on system is easy to install, helping to keep your attic ventilated and temperate.

designer accents

Our mantel and door surround systems are compatible with nearly any style of home. They are simple to install and virtually maintenance-free over the life of your home.

Mantel Systems

Ply Gem's mantel systems are not only functional, they are beautiful. Mantel systems give your home a stately appearance by adding height and symmetry to the windows and garage doors. Endcaps and keystones add to the grandeur and are available for siding or brick applications. They are available in a classic design or with an optional dentil trim for a richer appearance.

AVAILABLE IN THE FOLLOWING WIDTHS

36" 44"
40" 120"*

*120" ideal for garage doors.

Door Surrounds

Ply Gem's door surround systems welcome your guests with a stately entrance. They can be sized to fit most standard doorways and are built from our special mix of highly-durable polystyrene that withstands wear and tear. Our broad selection of door surround systems includes pilasters and mantel or pediment with urn overlays.

AVAILABLE IN THE FOLLOWING HEIGHTS

96" 144"

Customizable Color

All of our Designer Accents are available in classic white, our most popular color. Ply Gem Window and Door Surround Systems can also be painted to custom match any color with a high-quality latex paint and can be repainted over the years as styles change.

Shutters up to 51" length have two horizontal boards.

Shutters up to 55" length and larger have three horizontal boards.

*Available in 4-Board closed, 57" length only.

Size Selection

Next, determine the size that fits your windows by measuring the Length (A) and Width (B). Use the measuring and ordering guide below to determine the correct shutter size.

Raised Panel or Louvered Arch Tops can be added to circle top windows over 15" standard shutters. The Raised Panel Transom Top can be used over 15" standard shutters to accent a transom window.

Window Length (A)	Window Width (B)		
	Less than 24"	24" – 26"	More than 26"
25" – 29"	9" x 25**	12" x 27**	15" x 25**
30" – 33"	9" x 31**	11" or 12" x 31"	15" or 16" x 31"
34" – 36"	9" x 35**	11" or 12" x 35"	15" or 16" x 35"
37" – 40"	9" x 39**	11" or 12" x 39"	15" or 16" x 39"
41" – 44"	9" x 43**	11" or 12" x 43"	15" or 16" x 43"
45" – 48"	9" x 47**	11" or 12" x 47"	15" or 16" x 47"
49" – 52"	9" x 51**	11" or 12" x 51"	15" or 16" x 51"
53" – 56"	9" x 55**	11" or 12" x 55"	15" or 16" x 55"
57" – 60"	9" x 59**	11" or 12" x 59"	15" or 16" x 59"
61" – 64"	9" x 63**	11" or 12" x 63"	15" or 16" x 63"
65" – 68"	9" x 67**	11" or 12" x 67"	15" or 16" x 67***
69" – 72"	9" x 71**	11" or 12" x 71"	15" or 16" x 71"
73" – 77"	9" x 75**	—	15" or 16" x 75"
78" – 82"	9" x 81**	—	15" or 16" x 81"
83" – 96"	9" x 83" – 96**	12" x 83" – 96"	15" x 83" – 96"

Ply Gem standard shutters are 11", 12", 15" and 16" wide. 9" Louvered shutters are custom orders. Arch and Transom Tops are available in 15" widths only.

*Available in Louvered style only. **Available in Cottage Style.

Utility Vents

	Foundation Vent	Air Vent (Patent #5,293,920)	Louvered Exhaust Vent	Intake Louvered Vent	Soffit Intake Vent	Hooded Exhaust Vent
Uses	The Foundation Vent is used to ventilate crawl space areas. Moveable louvers can be locked open or closed and the molded in screen helps prevent pest intrusion. The two-piece design allows for quick and easy installation and is flexible to be installed on homes utilizing various construction methods, including wood-frame and masonry.	The two-piece Air Vent is used for cross-ventilation of garages, foundations, and range hoods. Design allows for open or closed flaps. The molded mesh helps prevent insect intrusion.	The Louvered Exhaust Vent is used to vent dryers and bathroom exhaust fans. The unique design includes a built-in grid to prevent bird intrusion and a 10" long metal tube that can be used for extra thick walls. Design allows for open or closed flaps.	The Intake Louver Vent is designed to be used with the 4" Louvered Exhaust Vent (EXVENT) when constant airflow is required. Primarily used for high-efficiency furnaces, fireplaces, and bathroom eave exhausts.	The Soffit Intake Vent provides necessary air movement through the attic and roof system to replace moist air with fresh air. Can be used with bathroom and kitchen exhausts. FIRE HAZARD: NEVER use Soffit Intake Vent with screen for dryer ventilation. Flammable lint build-up on screen can cause a fire. Always use a vent that is specifically designed for dryer applications.	The Hooded Exhaust Vent features snap-on installation and a concealed flap that stays closed when not in use. NOTE: 6" vent has a screen for use as an intake vent.

Mantel Systems

Standard Length

- Choose from 36", 40" or 44" base lengths for standard window widths
- Endcaps are available to create narrower Mantel Systems
- Available in a clean, classic design or with Dentil trim
- Add the Keystone for decorative effect
- Ply Gem Mantel Systems are available in White and can be painted for a custom look
- Constructed of low-maintenance, weather-resistant materials

Long Length

- Available in 120" (10') base length for garage door and wide window applications
- Endcaps can be used to finish siding or brick applications
- Create a clean, classic design with the Mantel System with a Plain Cover Strip or add the Dentil Strip for a richer effect
- Add the Keystone to join two Mantel Systems together over a two-car garage door or for decorative effect over a standard opening
- Ply Gem Mantel Systems are available in White and can be painted for a custom look
- Constructed of low-maintenance, weather-resistant materials

Siding Endcaps for
120" Mantel Systems

KEYSTN
Keystone for 120"
Mantel systems

BRKENDCAP
Brick Endcaps for
120" Mantel Systems

DENTILSTP
60" Dentil Strip

MANTEL 120
120" Mantel System with Plain Cover Strip

ORDER GUIDE

- Measure the width of the window to determine the appropriate item to order (36", 40" or 44")
- Order one Endcap if you need to create a narrower mantel system
- Order one Keystone to create a wider mantel system

ORDER GUIDE

- Measure the width of the door or window and order the appropriate widths as follows:
- Order one Mantel and one set of appropriate (brick/siding) Endcaps for garage door spans 10' wide and narrower
 - Order two Mantels, one set of appropriate (brick/siding) Endcaps and one Keystone for applications over 10'

Door Surrounds

- Pilaster Sets are available in 96" and 144" kits to fit most standard height entrances
- Use the classic Door Surround Mantel for a simple design statement or combine it with the Pediment Set for a stately effect over the top of the doorway
- Add the Door Mantel Overlay to join two Door Surround Systems together for applications over wider doorways
- Constructed of highly durable polystyrene for long-term wearability
- Ply Gem Door Surround Systems are available in White and can be painted for a custom look
- Constructed of low-maintenance, weather-resistant materials

PILASTER 96/144
Pilaster Set
Pilaster Set includes:
2 Pilasters 2 Pilaster Caps
6 Mounting Clips 2 Pilaster Bases

ORDER GUIDE

- Measure the height of the entryway and order the appropriate Pilaster Set
- Measure the width of the doorway and add 15" in order to cover the Pilasters on each side of the door
- Order one Door Surround Mantel to create a classic design
- For a grand design statement in a standard sized doorway, order one Door Surround Mantel and one Pediment Set
- Order two Door Surround Mantels and one Door Mantel Overlay for applications in doorways wider than 3'

The Color of Brilliance

The colors of your home are an important reflection of your personality and taste. They make your family and guests feel welcome. Not only that, the right colors can improve the long-term value of your home.

At Ply Gem, we understand how personal a color choice can be. That's why we teamed with a national color expert to select the colors that are most attractive, desirable, and flexible to use in exterior accents. In fact, most of our accents can be paired with over 100 different siding colors.

Not only that, our engineers went one step further to create colors that will last and last, blocking penetration from sun, wind and rain. Our colors will retain the fresh look of a new paint job, year after year. The result is beautiful fixtures that are virtually maintenance-free.

In addition, if you need a custom color, many of our exterior accents can be painted to match the current color scheme of your home with a high-quality latex paint. It's the ultimate finishing touch to match your style.

Beautiful On Your Home – Sustainable For The Planet

Ply Gem can help you meet your sustainable building goals and earn points in leading green building certification programs. Our products offer features that positively contribute to sustainable building practices, improved energy efficiency or life cycle benefits of homes. It's all part of the Ply Gem Enviro Initiative, a company-wide commitment to minimize our impact on the environment.

SUSTAINABLE RESOURCES:

- When installed and used properly, Ply Gem products never require paint or stain — which reduces VOCs released into the atmosphere.
- Ply Gem facilities reuse and recycle pallets and packaging material, reducing raw material needs and landfill use.
- Ply Gem works with its suppliers to recycle as many materials as possible, including cores, cardboard padding, paint totes, batteries, light bulbs, toner and paper.

ENERGY EFFICIENCY:

- Ply Gem products are lighter, so they require less fuel to transport, which uses fewer resources and generates less pollution.
- All Ply Gem facilities do their part to conserve energy by doing simple things like turning out lights on weekends and during shutdowns.

LIFE CYCLE BENEFITS:

- Ply Gem Shutters and Accents use thicker construction and a baked lacquer finish to ensure that they hold up well season after season.
